

Youth Coding League Spring 2021
Permission Form

SIGN UP BY Thursday, January 14TH.

ANY SUBMISSIONS AFTER January 14TH WILL NOT BE ACCEPTED

What is the Youth Coding League?

Youth Coding league is a competitive after school program where you learn basic coding and problem solving skills. Each week, you will participate in sprints where you can earn points for how well your code is put together.

After each week you can check your player and school standing.

Postseason

You'll work on a group project and compete in the playoffs. Each school will select 1 project in the playoffs to go on to the championships, where you'll compete against other schools in the league. Winners will have the most votes for their project. Prize packs include cash, Chromebooks, Tinker Crates and big trophies

When: Starting Tuesday, January 19TH. This club meets **VIRTUALLY** every Tuesday.

Time: After School 3:45 - 4:45pm.
